SIDE DISH

Ingredients

- 0.3 cup almonds cooled crushed lightly toasted sliced
- 3 large egg whites
- 0.8 cup granulated sugar

Equipment

- bowl
- baking sheet
- baking paper
- oven

- hand mixer
- pastry bag

Directions

- Preheat oven to 225°F.
- Beat whites with a pinch of salt in a bowl with an electric mixer at high speed until they hold soft peaks.
- Add 1/2 cup superfine sugar a little at a time, beating, then continue to beat at high speed until whites hold stiff, glossy peaks, 1 to 3 minutes. Fold in remaining 1/4 cup sugar gently but thoroughly.
- Line 2 baking sheets with parchment paper. Put a small dab of meringue on all 4 corners of each sheet, then turn paper over, pressing on corners to adhere parchment to baking sheets.
- Spoon meringue into pastry bag. You will be making 4 lattice cookies on each sheet, so work in 1 quadrant for each: Pipe 4 (4-inch-long) diagonal lines, about 5/8 inch apart, then pipe 4 (4-inch-long) parallel lines diagonally across original 4 lines, 5/8 inch apart, to form a lattice. Make 3 more lattice meringues on same baking sheet, about 1 inch apart.
- Sprinkle half of almonds over meringues. Pipe 4 more lattice meringues on second baking sheet in same manner, then sprinkle with remaining almonds.
- Bake meringues in upper and lower thirds of oven, switching position of sheets halfway through baking, until crisp and pale golden, about 1 hour total.
- Cool meringues completely on sheets on racks, about 1 hour, then carefully peel from parchment.
- Meringues can be made 3 days ahead and kept in an airtight container at room temperature.
