### Ingredients

- 400 g penne pasta (or other tube shape)
- 250 g mushrooms
- 8 bacon
- 4 tbsp basil pesto fresh (from the chiller cabinet if possible)
- 200 ml carton half-fat crème fraîche 50%
- 1 handful basil

### Equipment

- bowl

- frying pan
- sauce pan
- knife
- kitchen scissors

## Directions

- Cook the pasta in boiling water in a large non-stick saucepan according to pack instructions. Meanwhile, slice the mushrooms and snip the bacon into bite-size pieces with scissors or a sharp knife.
- Reserve a few drops of the cooking water in a cup or bowl, then drain the pasta and set aside. Fry the bacon and mushrooms in the same pan until golden, about 5 mins. Keep the heat high so the mushrooms fry in the bacon fat, rather than sweat.
- Tip the pasta and reserved water back into the pan and stir over the heat for 1 min. Take the pan off the heat, spoon in the pesto and crme frache and most of the basil and stir to combine.
- Sprinkle with the remaining basil to serve.
