- 1.3 cups butter
- 1 cup onion chopped
- 1.5 pounds beef top sirloin steaks lean

Equipment

- frying pan

Directions

- Cut the beef into strips that are approximately 1 inch wide and the same length or close to the length of the bacon strip, about 1/8 inch thick.
- Serve hot.
- Make the beef bacon rolls by laying a strip of bacon on a strip of beef and rolling the two meats together so that the beef is on the outside when you finish rolling. Insert a toothpick so that it goes in on the bottom left side and comes out the top right side when looked at vertically.
- In large skillet, saute onions and butter until onions are tender.
- Lay a single layer of beef bacon rolls in the skillet. Brown them on medium heat, turning once or twice. Cover the skillet and simmer about 2 hours.
