DRINK

Ingredients

- 2 lb cucumber
- 2.3 cups mandarin orange segments fresh
- 0.5 tsp oregano dried as needed plus more
- 1.5 tsp caster sugar as needed plus more

Equipment

- food processor
- bowl

blender

Directions

- Trim the ends from the cucumbers and scrub the peels.
- Remove about half of the peels from each cucumber and remove the seeds if they are large.
- Cut the cucumber into chunks and put in a food processor or blender.
- Pour in the orange juice and sprinkle in the sugar and oregano. Blend for at least 1 minute or until very finely puréed. The drink should be a bit thick and slightly foamy. Taste for sweetness and seasoning and adjust as needed.
- Pour into a pitcher, cover, and refrigerate until chilled.
- Serve in tall glasses or in small bowls with spoons.
