APPETIZER

## Ingredients

- 1 medium watermelon
- 12 cups fruit fresh assorted sliced
- 1 serving mint leaves fresh

## Equipment

- knife

## Directions

- Cut off one-fourth of 1 end of watermelon at an angle, using sharp knife, so remaining watermelon is shaped like a cornucopia. Cover and refrigerate end portion to use as desired.
- Cut thin slice from bottom of watermelon to keep it from tipping. Scoop out watermelon, leaving 1/2- to 1-inch shell; reserve watermelon chunks.
- Drain shell.
- Cut edge of open end of watermelon shell in a decorative pattern. Cover and refrigerate watermelon shell up to 24 hours.
- Fill watermelon shell with watermelon chunks (cut into bite-size pieces) and other fresh fruit just before serving, allowing fruit to cascade out end of shell.
- Garnish with mint leaves.
