Ingredients

- 1 cup pea-mond dressing dried
- 0.5 cup canola oil red
- 2 tablespoons fish sauce
- 1 scotch bonnet peppers to taste
- 0.5 onion
- 1 cup rice long grain red
- 4 servings salt to taste

Equipment

- food processor
- bowl
- sauce pan
- pot
- blender

Directions

- In a large bowl, cover peas with warm water and let stand twenty minutes, then drain.
- Place the soaked peas in a food processor and pulse a few times, just enough to loosen the skins. Cover with cold water and the skins should float to the top.
- Pour them away and discard.
- Transfer peas to large saucepan and cover with 1 quart of water. Bring to a boil then simmer until tender, about 30 minutes.
- Add rice to the pot and continue simmering, covered, for 15 minutes.
- In the meantime, combine the onion, pepper, and fish sauce in a blender and blend into a puree. Stir mixture into the pot and simmer until the rice is tender, adding more water if necessary. Stir in the oil and serve.
