Ingredients

- ☐ 1 teaspoon sea salt
- ☐ 1 cup flour all-purpose
- ☐ 0.3 cup parsley fresh finely chopped
- ☐ 8 servings lemon wedges
- ☐ 2 tablespoons olive oil
- ☐ 0.5 teaspoon salt
- ☐ 1 lb cod boneless skinless rinsed well
- ☐ 1 qt vegetable oil

☐ 0.5 cup water

Equipment

☐ bowl

☐ baking sheet

☐ knife

☐ whisk

☐ pot

☐ kitchen thermometer

☐ mortar and pestle

☐ tongs

Directions

☐ Soak cod in a large bowl with water to cover by 2 inches, chilled, changing water 3 times a day, 1 to 3 days (see cooks' note, below). Chill cod until ready to use.

☐ Heat vegetable oil in a 5- to 6-quart heavy pot over moderate heat until it registers 385 to 390°F on thermometer.

☐ While oil is heating, whisk together flour, salt, olive oil, water, and parsley in a bowl.

☐ Drain cod and pat dry, then cut into 3- by 1/2-inch strips. Working in batches of 4, coat strips in batter, then transfer to oil with tongs and fry, turning, until golden, 1 1/2 to 2 minutes.

☐ Transfer to a paper-towel-lined baking sheet to drain. (Return oil to 385 to 390°F between batches.)

☐ Sprinkle with sea salt and serve immediately.

☐ • Brands of cod differ in their degree of saltiness: A less salty one may need only 1 day of soaking, while another could require up to

☐ To test it, simply taste a small piece after 1 day; you want it to be pleasantly salty but not overwhelming. • If your sea salt is very coarse, lightly crush it with a mortar and pestle or the side of a large heavy knife.
