Ingredients

- ☐ 30 servings granulated onion organic (such as Hain)
- ☐ 3 cups granulated sugar
- ☐ 1.3 cups blood oranges fresh (pasteurized orange or pink grapefruit; or blood orange, lime, or lemon)
- ☐ 2 tablespoons juice of lemon fresh
- ☐ 6 ounces liquid pectin such as certo (you'll need two 3-oz. packs)

Equipment

- ☐ frying pan
- ☐ pot

- ☐ plastic wrap
- ☐ baking pan
- ☐ microwave
- ☐ candy thermometer

Directions

- ☐ Line an 8-in. square baking pan with microwave-safe plastic wrap, pressing it up sides and leaving a 1-in. overhang. Spray plastic wrap with cooking spray.
- ☐ Pour citrus juice and granulated sugar into a 6-qt. pot and stir to combine. Clip a candy thermometer to inside of pan.
- ☐ Cook over medium-high heat, stirring constantly and slowly, until mixture registers 238 (just before the soft-ball stage, when it will harden), about 20 minutes.
- ☐ Add pectin and cook 1 minute more, stirring constantly.
- ☐ Remove from heat, stir in lemon juice, and immediately pour into prepared pan.
- ☐ Let set until cool and firm, about 1 1/2 hours.
- ☐ Lift from pan using plastic wrap and cut into 1-in. squares, circles, 3/4- by 1 1/4-in. rectangles, or 3/4- by 2-in. half-moons. Dip in coarse sugar. Store in an airtight container up to 1 week, dipping again right before wrapping if necessary (particularly with the more acidic flavors like lime, lemon, and grapefruit, which tend to get a little weepy).
- ☐ Box it: Crystal clear boxes, from \$2 5/25; clearbags.com
