Ingredients

- 0.8 cup flour all-purpose
- 2 oz hazelnuts
- 0.3 cup sugar
- 0.5 cup butter unsalted cold cut into small pieces

Equipment

- food processor
- baking sheet
- oven

- plastic wrap
- baking pan
- kitchen towels

Directions

- Put oven rack in middle position and preheat oven to 350°F.
- Toast hazelnuts in a shallow baking pan until fragrant and skins begin to loosen, about 6 minutes. Rub nuts in a kitchen towel to remove any loose skins (some skins may not come off) and cool to room temperature.
- Pulse nuts and 1/4 cup sugar in a food processor until nuts are finely ground, then add flour and a pinch of salt, pulsing until combined.
- Add butter and pulse until dough just forms a ball. Divide dough in half, then roll dough on a work surface lightly dusted with sugar and flour into 2 (11-inch-long) logs (each about 1 inch wide). Chill, wrapped in plastic wrap, 1 hour.
- Cut logs crosswise into 1/2-inch slices and arrange rounds 2 inches apart on 2 baking sheets.
- Bake, 1 sheet at a time, until bottom edges just begin to turn pale golden, 12 to 15 minutes. Cool cookies on sheet 2 minutes.
- Place remaining 3 tablespoons sugar in a small dish and dip tops of cookies in it, then cool sugared cookies on a rack.
- Dough can be chilled up to 12 hours or frozen, wrapped well in plastic wrap, up to 1 month. (Thaw before cutting and baking.) • Cookies keep in an airtight container at room temperature 2 weeks.
