## Ingredients

- ☐ 0.3 ounce active yeast dry
- ☐ 3 large egg yolks
- ☐ 3.5 cups flour for dusting all-purpose plus more
- ☐ 2 tablespoons ground cinnamon
- ☐ 1.3 cups warm milk
- ☐ 1 teaspoon salt
- ☐ 1 cup sugar
- ☐ 1 cup butter unsalted cooled melted plus more for brushing (2 sticks)

## Equipment

- ☐ bowl
- ☐ frying pan
- ☐ oven
- ☐ wire rack
- ☐ blender
- ☐ plastic wrap
- ☐ loaf pan
- ☐ hand mixer
- ☐ kitchen towels

## Directions

- ☐ In the bowl of a standing electric mixer fitted with the dough hook, dissolve the yeast in 1/4 cup of the warm milk.
- ☐ Sprinkle with a pinch of the sugar and let the mixture stand until the yeast comes alive and starts to foam, about 5 to 10 minutes.
- ☐ Turn the mixer on low speed and add the remaining 1 cup milk, 1/2 cup of the sugar, the 1 cup melted butter, the egg yolks, and salt.
- ☐ Add 2 cups of the flour and turn the speed up to medium; continue to mix until incorporated. Gradually add the remaining 1 1/2 cups flour and continue to mix until the dough holds together and pulls away from the sides of the bowl; the dough will be very soft.
- ☐ Turn the dough out onto a lightly floured work surface and knead until smooth and elastic, about 10 minutes.
- ☐ Put the dough in a large bowl. Cover with a kitchen towel or plastic wrap and let rise in a warm place until doubled in size, about 1 1/2 hours. Test the dough by pressing 2 fingers into it. If indents remain, the dough is adequately risen.
- ☐ Combine the remaining 1/2 cup sugar and the cinnamon in a small bowl.
- ☐ Brush the bottom and sides of a 9-by-5-inch loaf pan with melted butter.
- ☐ On a lightly floured work surface, roll the dough into a rectangle about the size of the loaf pan.

- ☐ Brush the surface of the dough with melted butter and sprinkle the cinnamon sugar evenly across.
- ☐ Roll the dough up, jelly-roll style, into a long cylinder, and pinch the seam closed.
- ☐ Put the dough in the prepared loaf pan, seam side down. Make sure the dough touches all sides of the pan. Cover with plastic wrap and let rise a second time, until the top of the dough is nearly level with the top of the loaf pan, about 20 minutes.
- ☐ Preheat the oven to 350°F.
- ☐ Brush the dough with more melted butter.
- ☐ Bake until your kitchen smells like cinnamon and the bread is golden brown, 45 minutes to 1 hour.
- ☐ Let cool in the pan for 5 minutes, then turn out onto a wire rack to cool completely.
