### Ingredients

- 1 large eggs
- 2 tablespoons flour all-purpose
- 2 teaspoons mild honey
- 1 optional: lemon
- 0.5 teaspoon lemon zest fresh finely grated
- 1 serving accompaniment: whole-milk yogurt (preferably Greek)
- 3 tablespoons sugar
- 2 tablespoons butter unsalted cut into small pieces

- 1 ounce walnuts
- 2 tablespoons water

## Equipment

- food processor
- bowl
- sauce pan
- oven
- knife
- skewers

## Directions

- Put oven rack in middle position and preheat oven to 350°F.
- Pulse nuts in a food processor until coarsely chopped and reserve 1 1/2 tablespoons in a small bowl.
- Add sugar and a pinch of salt to nuts in processor and pulse until nuts are finely chopped.
- Add butter and zest and process until smooth, then add egg and process until blended, scraping down side of bowl.
- Add flour and pulse just until incorporated, 2 or 3 times (do not overblend).
- Pour batter into ungreased dish and sprinkle with reserved nuts.
- Bake until cake is browned around edge and puffed, and a wooden pick or skewer inserted in center comes out clean, 20 to 25 minutes.
- Transfer cake in dish to a rack.
- Finely grate 1/4 teaspoon zest from lemon, then halve lemon and squeeze enough juice to measure 2 teaspoons.
- Bring lemon juice, sugar, water, and honey to a boil in a very small saucepan, stirring until sugar is dissolved, then boil 1 minute. Stir in zest and cool to warm.
- Run a thin knife around edge of cake to loosen and pour 3 tablespoons syrup over hot cake in dish, letting syrup run down sides and underneath cake. Cool cake at least 15 minutes.
- Transfer to a plate and serve with remaining syrup and yogurt.
