Ingredients

- ☐ 0.5 cup blanched chopped
- ☐ 1 batch tempered milk chocolate
- ☐ 1 cup coconut or shredded sweetened plus more to garnish
- ☐ 1 batch vanilla nougat soft

Equipment

- ☐ plastic wrap
- ☐ aluminum foil
- ☐ ziploc bags

- ☐ muffin liners
- ☐ muffin tray
- ☐ pastry brush

Directions

- ☐ Place 24 paper or foil cupcake liners in cupcake or muffin pans.
- ☐ When preparing the nougat, add the coconut and almonds and set aside.
- ☐ Have the tempered chocolate at 90°F/34°C. Using a small paintbrush or pastry brush, paint the inside of the cupcake liners with a thick coating of chocolate. Allow the chocolate cupcake liners to set in the refrigerator for 5 to 10 minutes. Fill each about half full with the coconut-nougat mixture, leaving a margin of chocolate along the top edge so the final coat of chocolate will adhere to it and seal the cups. Return the cups to the refrigerator for another 5 minutes, then top each with the finishing layer of chocolate and refrigerate again for 5 minutes to set. Decorate or sprinkle with shredded coconut.
- ☐ Remove from the muffin pan, and serve the cups with or without the liners.
- ☐ Store in an airtight container, a zip-top plastic bag, or plastic wrap at room temperature for 2 days, in the refrigerator for 1 week, or freezer for 1 month.
