SIDE DISH

Ingredients

- 2 teaspoons yeast dry (from a)
- 3 large eggs
- 2.5 cups flour all-purpose for sprinkling
- 1 teaspoon honey
- 0.7 cup milk divided (105–115°F)
- 1 teaspoon salt
- 5 tablespoons butter unsalted softened cut into tablespoon pieces and
- 1 tablespoon water

Equipment

- bowl
- frying pan
- baking sheet
- oven
- knife
- whisk
- blender
- plastic wrap
- cake form
- kitchen towels

Directions

- Stir together yeast, honey, and 1/3 cup warm milk in mixer bowl and let stand until foamy, about 5 minutes. (If mixture doesn't foam, start over with new yeast.)
- Whisk together flour (2 1/2 cups), cheese, and salt, then mix into yeast mixture along with remaining 1/3 cup warm milk at low speed. Increase speed to medium and beat in 2 eggs, 1 at a time, beating well after each addition, then beat, scraping down side of bowl occasionally, until a very soft dough forms, about 3 minutes. Beat in butter, 1 tablespoon at a time, until dough is elastic, about 2 minutes. (Dough will be very sticky.)
- Scrape dough into center of bowl and sprinkle with remaining 2 tablespoon flour. Cover bowl with plastic wrap and a kitchen towel and let dough rise in a draft-free place at warm room temperature until doubled, 1 1/2 to 2 hours.
- Punch down dough (do not knead) and turn out onto a floured surface.
- Cut dough into 12 equal pieces and roll each into a ball by cupping your hand and pushing dough against work surface as you roll in a circular motion. Arrange rolls 1 inch apart in a buttered 9- by 2-inch round cake pan and cover with a kitchen towel (not terry cloth).
- Let dough rise in a draft-free place at warm room temperature until doubled and dough fills pan, 1 to 1 1/2 hours.
- Preheat oven to 375°F with rack in middle.

- Whisk together remaining egg with water and brush on tops of rolls. (You will have leftover egg wash.)
- Bake until golden brown, 20 to 25 minutes. Loosen edges of rolls from pan with a sharp knife and invert rolls onto a rack, then reinvert and cool at least 20 minutes.
- Rolls are best the day they're made but can be frozen (cool completely, then wrap well) 1 month. Thaw, then reheat on a baking sheet in a 350°F oven until warmed through, 5 to 10 minutes.
