### Ingredients

- 0.5 teaspoon baking soda
- 2 oz butter softened
- 0.5 cup buttermilk
- 1 tablespoon natural cocoa powder dark (not )
- 4 oz cream cheese softened
- 1 large eggs
- 144 grams granulated sugar
- 2 cups powdered sugar

- 2 tablespoons food coloring red
- 0.5 teaspoon red wine or any type of regular vinegar
- 165 grams self-rising flour
- 0.5 teaspoon vanilla
- 0.8 teaspoon vanilla extract
- 0.5 cup vegetable oil

## Equipment

- bowl
- frying pan
- oven
- whisk
- mixing bowl
- hand mixer
- aluminum foil
- springform pan
- measuring cup

## Directions

- Preheat oven to 350 degrees F. Spray a 9×2 inch round cake pan or a 9×2 inch springform pan with flour-added cooking spray. If you're using a springform pan, put some aluminum foil under it and bring it tightly up the sides to prevent possible leakage.
- Mix the flour, cocoa and baking soda together in a small bowl and set aside.
- Mix the buttermilk, vinegar, vanilla and food coloring together in a liquid measuring cup and set aside. In a mixing bowl, whisk together the egg, oil and sugar. Using a heavy duty scraper or large spoon, add the flour mixture and milk mixture to the egg mixture alternately in three parts, stirring until flour is mixed in.
- Pour batter into the prepared pan and bake for 25 minutes or until a pick inserted in the cake comes out clean.

- Let cool in pan on a rack for 10 minutes, then carefully remove from pan. If using a springform, you can remove the sides and invert.
- Let cool completely. To make frosting, mix together the cream cheese and butter. Gradually add the sugar. Using an electric mixer, beat until creamy. Beat in the vanilla. To make a layer cake, cut the cake round in half. Ice one half. Stack second half on top and ice the whole half-cake.
