Ingredients

- 8 servings arugula
- 1 cloves garlic
- 8 servings olive oil extra virgin extra-virgin
- 8 servings parmesan
- 8 servings sage
- 8 servings salt and pepper freshly ground
- 8 servings walnuts

Equipment

- food processor
- bowl
- frying pan
- blender

Directions

- Heat about 1 tablespoon of the oil in a small skillet over medium heat.
- Add the whole garlic cloves and sauté until they are golden brown, about 5 minutes; do not let the garlic burn or it will become bitter.
- Pour the garlic and oil from the pan and set them aside. Toast the walnuts in the skillet over medium heat until golden, 1 to 2 minutes.
- Remove the walnuts from the heat.
- Put the arugula, sage, walnuts, and both the sautéed and minced garlic in a blender or a food processor; pulse to mince the ingredients. With the machine running, or while pulsing the food processor, slowly pour in the remaining oil and blend just until the ingredients are well incorporated. Scrape the mixture into a bowl and stir in the cheese. Season with salt and pepper to taste. More pesto recipes on Food Republic: Parsley and Lemon Pesto
