### Ingredients

- 1 Handful basil fresh (from 4 leafy stems)
- 0.5 teaspoon pepper black freshly ground
- 4 servings coarse salt
- 2.5 tablespoons olive oil extra virgin
- 1 optional: lemon
- 1.5 cups parmesan fresh finely grated
- 3 tablespoons water thin
- 0.8 pound pasta like spaghetti ()

# Equipment

- bowl
- mixing bowl
- sieve
- grater
- microplane

## Directions

- Boil the spaghetti in salted boiling water, according to the package directions.
- Meanwhile, using a Microplane, grate the zest from the lemon into a large mixing bowl.
- Cut the lemon in half and squeeze the juice into the bowl (I like to use the grater as a strainer—one less thing to clean).
- Add the 1 1/2 cups Parmesan, pepper, and a pinch of salt, and mix in the olive oil to form a wet paste.
- When the spaghetti is perfectly cooked, add 2 or 3 tablespoons of the cooking water to the lemon and cheese mixture.
- Add the spaghetti to the bowl and toss thoroughly, adding another tablespoon or 2 of pasta water if necessary so that the sauce coats each strand. Roughly tear in the basil leaves.
- Serve each portion with a sprinkle of coarse salt, a fresh grind of black pepper, and a few gratings of extra Parmesan.
