- 3 tbsp parsley chopped
- 140 g flour plain for dusting
- 1 tsp thyme leaves
- 25 g butter frozen very cold (or )
- 4 tbsp greek yogurt 2%
- 2 tbsp olive oil extra virgin extra-virgin
- 4 small mushrooms halved quartered

## Equipment

- frying pan
- baking sheet
- sauce pan
- oven
- knife
- kitchen scissors
- pie form

## Directions

- Cut out and discard the thin tubes from the kidneys. Rinse the kidneys in cold water until the water runs clear, then chop them into small pieces.
- Heat the oil in a large saucepan or deep saut pan.
- Add the onions, bay and thyme sprigs and fry over a medium heat for 8-10 mins until the onions are really golden, stirring often.
- Put the kettle on.
- Add the steak and kidney to the pan and stir-fry briefly, just until it loses its pink colour. Turn up the heat, pour in the wine, stir to deglaze the bottom of the pan, then let it boil over a high heat for 2-3 mins until reduced and absorbed into the meat. Stir in the tomato pure and mustard powder. Sift in the flour, stirring, then stir for a couple of mins.

- Pour in 400ml boiling water and continue stirring until the mixture starts to boil and is thickened. Tip in the carrot and both mushrooms, reduce the heat, cover with a lid, then leave to simmer gently for about 1 hr, stirring occasionally.
- Remove the lid and simmer another 25–30 mins or until the meat is very tender and the gravy has thickened slightly.
- Remove from the heat and remove the bay leaves and thyme sprigs. Stir in the parsley, season to taste, then transfer to a pie or ovenproof dish (22–23cm in diameter, 6cm deep, 1.7-litre capacity or similar), then leave to cool slightly.
- Heat oven to 200C/180C fan/gas
- While the meat is cooling, make the pastry.
- Put the flour, and thyme if using, into a bowl. Grate in the cold or frozen butter, make a well in the centre, then add the yogurt, olive oil, a pinch of salt and a good grinding of black pepper. Using a round-bladed knife, mix together with 2 tsp cold water, then gently gather together with your hands to form a dough.
- Remove from the bowl and knead briefly until smooth.
- Roll out the pastry on a lightly floured surface so its slightly bigger than the top of the pie dish.
- Lay the pastry over the meat and trim the edges with scissors so it slightly overhangs the edge of the dish. Make 2 small slits in the centre. Flute the edges, then roll out the trimmings and cut out 6 diamond-shaped leaves. Dampen one side and lay them on the pastry lid.
- Place the dish on a baking sheet, then bake in the oven for about 25 mins or until the pastry is golden.
